AUTOMATE™

SMARTER SHADES

AUTOMATE™ PULSE 2

Designed in California and made to be seen, the second generation of the Pulse hub allows for further customization with the introduction of additional room, scene and timer icons to select from.

The new hub boasts native sunset and sunrise technology. Shades will raise or lower based on location to allow precise and automatic shade control.

With built-in Wi-Fi or the option of a LAN connection, the Pulse 2 quickly connects to the home's network to unlock the luxury of automated shade control.

Automate Pulse 2 offers more integrations than ever before. Experience voice-activated shade control via Google Assistant, Amazon Alexa and now Apple Homekit with Siri.

AUTOMATE PULSE 2 APP

The Automate Pulse 2 App enables sophisticated shade control straight from any iOS or Android smart phone or tablet.

Utilize the Automate Pulse 2 App to group shades by room or scene, establish custom schedules and set timers for convenient and efficient shade control.

POWERED BY ARC

ARC™ (Automate Radio Communication) is Rollease Acmeda's proprietary, bi-directional communication technology that brings the Automate motorized shade systems together. ARC communicates the status of shade positioning and battery health straight to the Automate Pulse 2 App.

Hey Siri,
open my shades

VOICE CONTROL

Utilizing voice commands, operating Automate controlled shades is now more convenient than ever.

Automate takes advantage of native integration for shade control with Apple HomeKit & Siri, Google Home & Assistant and Amazon Alexa.
The "native" control responds to the user's naturally-spoken language for shade operation and does not require any additional set-up.

Alternatively, shades can be synchronized with smart devices and actions with IFTTT.

Just ask...

HOME AUTOMATION SYSTEMS

The Pulse 2 Hub bridges integration between Automate motors and the most popular whole home automation systems. Integrations can be made over Wi-Fi or through a standard networking cable into the Pulse 2's RJ45 plug.

AUTOMATE PUSH 5 REMOTE

The cutting-edge design of the new Automate Push5 remote control is modern, simple and functional.

Available in gloss white or matte black finish, the Push 5 features a tactile button layout to improve usability.

AUTOMATE PARADIGM REMOTES & WALL SWITCHES

Automate Paradigm wall switches and hand-held remotes feature 15 channels within a contemporary design. The Paradigm wall switches are wireless, making installation simple for fixed controllers.

SOLAR POWERED ARC WIND, LIGHT & RAIN SENSOR

The solar-powered ARC Wind, Sun & Rain Sensor naturally reacts to the elements to automatically open or close an awning, always providing a comfortable external environment or protection of the awning.

INDOOR SUN SENSOR

Automate light sensors automatically manage shade control according to sunlight at each window, minimizing reliance on and costs of artificial light.

ARC REPEATER

The Automate ARC repeater increases the wireless range between the remotes or the Automate pulse hub by 40m.

7 YEAR WARRANTY | ARC

AUTOMATE SOLAR PANEL

With its smaller design and improved performance in low light, the new Automate Solar Panel offers an energy efficient upgrade for the entire Automate Wire-Free Li-ion range of motors and battery packs.

AUTOMATE WIRE-FREE LI-ION MOTORS

Automate's core motor line, the Wire-Free Li-ion, utilizes state of the art rechargeable lithium-ion battery technology. No wires mean an easy upgrade for existing shades without the need of an electrician.

Automate Wire-Free Li-ion 1.1
12V, 1.1Nm, Ø25mm,20-40RPM, 19.87in long

Automate Wire-Free Li-ion SW1.1
12V, 1.1Nm, Ø25mm, 40RPM, 17.56in long

Automate Wire-Free Li-ion Q2

AUTOMATE DC POWER DISTRIBUTION PANEL

The Automate DC Power Distribution Panel provides power for up to 18 individual Automate DC motors, eliminating the need for individual power adapters. While also supporting cable runs of up to 1771.65 feet, this is the complete, hardwired solution for motors that require speed control and quiet operation in narrow applications.

7 YEAR WARRANTY

AUTOMATE DC MOTORS

Automate DC motors are an excellent choice for motorizing shades in the residential space or for light commercial projects.

The Automate DC Tubular Motors connect with low voltage cables, so a certified electrician is not required for set-up, therefore keeping installation costs to a minimum.

With variable speed settings, the Automate DC Motors can be adjusted to a slower, quieter speed to suit the unique needs of each space.

Automate DC 1.1
