FEATURES & BENEFITS

PRODUCTION / INSTALLATION FEATURES

- Fix a fabric on the tape and cut the excess fabric from the sides of the tape.
- Two different ways for installation:
 - Slide the tape with a fabric into a cassette.
 - Place the tape with a fabric on a cassette and push the edges of the tape into the cassette grooves.
- Use the cassette profile as a guide and cut the excess tape from the ends of the cassette.

FUNCTIONAL BENEFITS

- Easy and fast installation of a fabric valance.
- No double-sided tape is needed on the cassette profile.
- The fabric valance is very easy to change if needed.

AESTHETIC FEATURES

- Fabric valance gives a stylish finish for a cassette.
- The front of the cassette is uniform with the shade fabric.
