

LI-ION SERIES

AUTOMATE WIREFREE MOTORS

- Built-in rechargeable lithium-ion battery
- Solar panel charger responsive in low/indirect light
- Easy to install - no electrician required
- Compatible with S35, S40 and S45 tubes
- Adjustable speed - 3 levels
- Levelling control can achieve precise positioning of multiple shades
- Shades can be controlled via remote, smart phone app and Internal Sunlight Sensor

Efficient programming

Use the smart phone app for remote-free motor set-up along with a step-by-step programming wizard.

Conserves battery power

ARC™ motors use FSK modulation so they are less susceptible to RF interference from other common household devices and as a result battery power is conserved.

Bi-directional communication

Shade positioning and battery health is relayed via the smart phone app. A notification will prompt if the motor requires recharging.
