

CF CASSETTE/ FASCIA SUITE

ONE REVOLUTIONARY CASSETTE ROLLER BLIND SUITE THAT DOES IT ALL.

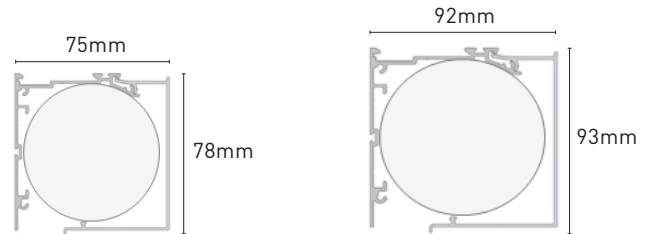

Our new and improved CF suite offers a comprehensive collection of head box styles, controls and side channel options with improved performance, functionality and aesthetics.

The contemporary round or square headbox profiles; available as fascia or fully enclosed cassettes, are designed to house our small (compact) roller systems, as well as our most commonly used medium chain, motorised or spring controlled systems.

Featuring;

- ROUND or SQUARE DESIGNS to compliment your interiors.
- SEMI or FULLY ENCLOSED cassette options.
- ADAPTABLE dim-OUT SIDE CHANNELS for improved energy efficiency and light blackout.
- MODULAR SYSTEM with versatile hardware.
- END COVER OVERLAP DESIGN to hide production imperfections for a premium finish everytime.
- OPTIONAL MOUNTING CLIPS with minimised light gaps for wall or ceiling fix applications.
- Contemporary colour range.
- ADVANCED CHAIN GUIDE for a smooth and quiet operation.
- Easy cover removal for on going maintenance.
