Zipscreen Outdoor Shades

Straight Drop

The Straight Drop system is an entry-level outdoor shading system that is suitable for a variety of external residential or commercial applications - sliding windows, doorways, undercover and outdoor areas. Our Straight Drop system is simple in its design and installation, creating a minimal and cost-effective solution.

Features

- An alternative entry level solution within Zipscreen's comprehensive outdoor shading suite
- Drop Awnings are modular. Utilise common components across the entire suite
- Option of clip or strap for fixing to the floor
- Suitable for a variety of external shade applications - sliding windows and doorways, undercover areas or outdoor cafés.
