Kleenscreen Blackout

ROLLER

PANEL

Kleenscreen Blackout combines the functionality and durability of a typical solar screen with the privacy of a 100% blackout fabric. The unique formulation of the yarn eliminates the need for a blackout coating, thereby keeping the blackout fabric the same on both sides and making it highly suitable for open roll systems. Featuring Sanitized®, Kleenscreen Blackout inhibits the development of bacterial odors as well as the growth of mold and mildew on your fabric. Easy to weld and easy to clean, Kleenscreen Blackout provides a practical solution for any residential or commercial interior space.

Kleenscreen 5%

ROLLER

PANEL

Kleenscreen with Sanitized® Protection inhibits the growth of bacteria, mold and mildew on your fabric. This unique antimicrobial hygiene function enhances the performance of your shades for comfort and peace of mind. Kleenscreen's performance against solar heat and glare also make this an eco-friendly and cost saving solution for any space.

Chateau Light Filtering

New
Collection!

ROLLER

PANEL

ROMAN

Crafted for today's residential spaces, Chateau delivers a refined aesthetic with features that go far beyond the basics. Its soft light-filtering weave offers near-total privacy while gently diffusing natural light—ideal for bedrooms, bathrooms, and open-plan living. With superior fade resistance, eco-conscious certifications, and a wide 118" format that eliminates seaming, Chateau is as functional as it is beautiful. Available in seven curated shades, each with a color-matched backing for cohesive curb appeal, Chateau is the essential fabric for modern living
