FEATURES & BENEFITS

F72 Plain End Cap Set + Screws

- Clean aesthetic achieved by removing fastening screws from view.
- Secure End Cap to Weight Bar by fastening the screw from underneath.
- Recess for internal screw to secure Fabric Spline, allowing the End Cap to sit flush with the weight bar.

25mm Footmans Loop Kit | F72

- Robust attachment of the Footmans Loop to the F72 Weight Bar when a strap down loop is required.
- Simply fasten the countersunk screws into the pre-tapped backing plate to lock into place.
