## IMPROVEMENTS / CHANGES

### PRODUCTION / INSTALLATION IMPROVEMENTS

- Small Design - which helps the installation process to fit in small spaces.
- New mounting bracket

### FUNCTIONAL IMPROVEMENTS / CHANGES

- Higher performance and more efficient - (20% more power in the same conditions as the old panel);
- Improved low light performance;
- Charges v1 – 12v, and v2 – 5v Li-ion Motors (not both at same time)
  - 5v Motors coming soon
