

Product Change | Skyline Hardware

We will be implementing revisions to our Skyline portfolio and will discontinue the previous version. These changes will help to improve inventory management and labor times, with the added benefit of saving on cost.

Skyline Clutches – Will no longer require SLA adapters.

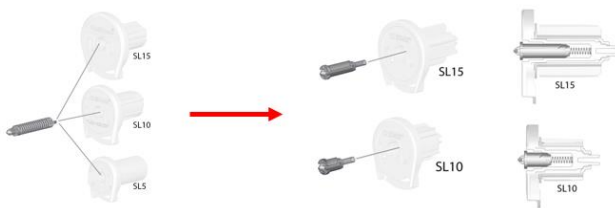

- We will continue selling the RA2 and RA25 adapters for larger tubes.
- No change to SL20 and SL30, nor to the exterior versions.
- Will continue to sell geared (galaxy) clutches.
- White (075) revised to pure white (069).
