

PANAMA

THE TEXTURED SOLID

Panama

Panama is a textured solid, adding visual interest to the fabric as light passes through..

While not a blackout, Panama is considered a privacy fabric because it allows light to filter into your space, while limiting view through.

Offered in 15 colors, Panama is suitable for any room décor making it a great option for designers. Available in a versatile 92.5" width and able to be railroaded, Panama is also a favorite of fabricators.
