

EASY SPRING ULTRA SKYLINE

Rollase Acmeda Easy Spring Ultra Skyline single roller system offers a high quality, aesthetically pleasing and technologically advanced spring controlled solution. The blind will open to your preferred top location in a smooth and controlled motion, with one simple touch. With the adaptation to the Skyline system, you have convenience of symmetric brackets and all of the system upgrades that comes with Skyline.

AESTHETIC FEATURES

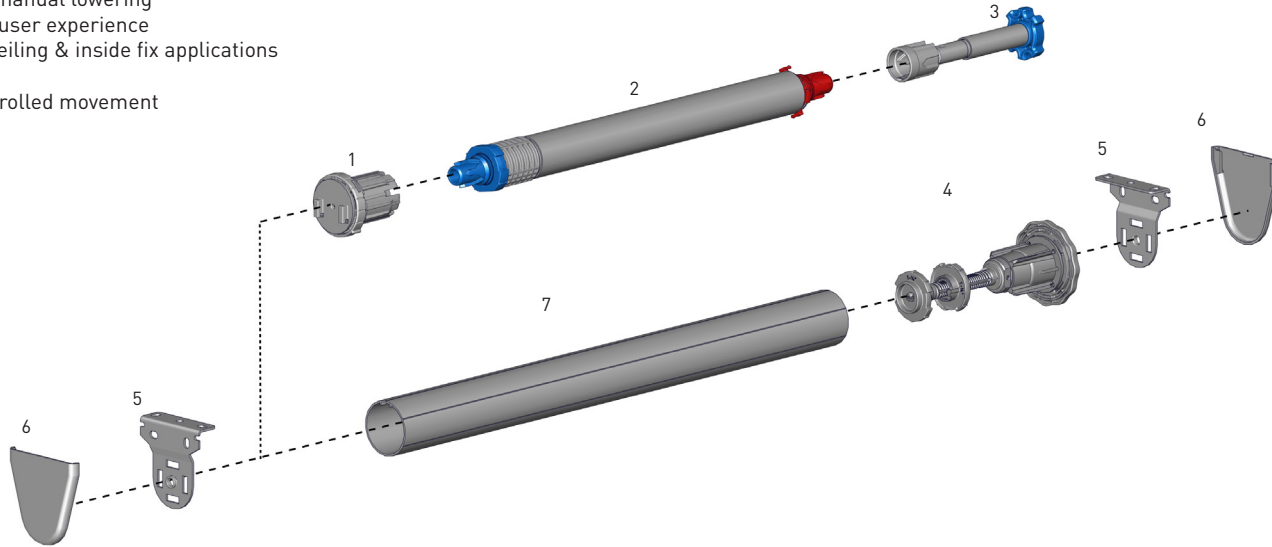

- Minimal light gaps
- Color matched bracket covers provide a neat overall finish

PRODUCTION / ASSEMBLY FEATURES

- Pre-tensioning through Spring Head Control
- Color coded LH & RH hardware for quick & easy assembly
- Simple and intuitive to set the shade top limit with Universal Single Stop Limiter for both LH and RH orientation
- Symmetric bracketing

FUNCTIONAL BENEFITS

- Auto-rise functionality with manual lowering
- Top limit setting for an easy user experience
- Can be installed onto wall, ceiling & inside fix applications
- Patent protected
- Decelerator for smooth controlled movement
