z-LOCK™

Patented z-LOCK™ technology provides a unique fabric guide. Concealed within the channels, z-LOCK™ fastens the fabric securely, creating a strong smooth and streamlined finish. Tightly integrated, our zip-guided system ensures there are no gaps between the fabric and the channels.

ZIPSCREEN™

PRIVACY

ANTI-GLARE

Zipscreen™ is the ultimate exterior screening solution for any outdoor area or window. Specially designed for alfresco, veranda, and balcony applications, Zipscreen offers privacy and protection from the sun, wind, rain, and insects all year round. Custom built, Zipscreen systems can be made in widths of up to 19ft (5.8m) and of drops up to 13ft (4m), or an impressive 22.9ft (7m) with Zipscreen Extreme, offering an exterior solution to fit almost any area.

THE ALL NEW ULTRA-LOCK

As you close your Zipscreen shade, the patented technology of Ultra-Lock not only locks but tensions your exterior shade for a secure, stable and taut fabric finish.

When Ultra-Lock is coupled with our proprietary Automate FT motor, you are provided with the ultimate operating solution – an outdoor shade that you can automatically close, lock and tension with one simple touch of a button. A heavy duty latching pin combined with a hidden integrated design ensures a reliable solution, which can be pre-assembled off-site, for a quick & easy installation.

PVC SCREEN COMPATIBLE

Introducing a completely transparent exterior solution. Zipscreen is compatible with clear, dimensionally stable PVC configurations. PVC creates a completely rain and weather-proof barrier, while also remaining perfectly clear.

VEUE DROP AWNINGS

STRAIGHT DROP

The Veue Straight Drop system is an entry-level outdoor shading solution that is suitable for a variety of exterior residential or commercial applications - sliding windows, doorways, undercover and outdoor areas. Our Straight Drop system is simple in its design and installation, creating a minimal aesthetic and cost-effective solution.

WIRE GUIDE

A discreet wire guided solution, great for floor to ceiling applications. Featuring a universal bracket to fix the base of the wire guide to the floor, wall or sides. The Wire Guide system utilizes compression springs to tension the wire, ensuring a smooth and steady guide for the fabric. Wire tension is quick and easy to adjust.

CHANNEL GUIDE

Featuring a slimline tension-free side guide, this system utilizes a two-piece channel for easy installation with clip fixings. Ideal for sheltering residential or commercial areas, this system is suitable for enclosing any outdoor space. The slim 3in (75mm) side channels and integrated fabric brushes ensure discreet and quiet operation.

PIVOT ARM

The Veue Pivot Arm awning system is ideal for windows on first or second story levels. Veue Pivot Arm features a robust spring-loaded arm and perfectly maintains fabric tension in all positions.
