

## The Science and Sustainability of Solar Heat & Light Control with Metalized Fabric Shades for Maximum Building Occupant Comfort

Question	Answer
June 25, 2020	
Does Rollease Acmeda help with Take Offs for specific contract opportunities?	While Rollease Acmeda will certainly assist in most aspects of project solution development, we do not perform the task of doing take-offs. This is a dealer task. We can certainly assist with any questions regarding what dimensions limitations are and how they relate to shading system capabilities.
Do you have comparable fabrics to Shearweave or Memet fabrics?	Yes. Our Textstyle line of shading fabrics is comparable in style, appearance and performance to the Phifer and Mermet fabrics. We also offer a cross reference chart to match fabrics up. Please visit our Textstyle Fabrics site on our Rollease Acmeda Contract website <a href="http://www.rolleaseacmedacontract.com">www.rolleaseacmedacontract.com</a> .
Are drawings available in revit ?	Please contact: David Dawson - Architectural Solutions Specialist, <a href="mailto:david.dawson@rolleaseacmeda.com">david.dawson@rolleaseacmeda.com</a> . He will be able to answer these questions.
