ZIPSCREEN

FEATURES & BENEFITS

- Ideal solution for enclosing Pergolas, Al Fresco & outdoor entertaining areas offering privacy and protection from the sun, wind, rain and insects in a clean, architectural look.
- Custom designed system can be made in widths of up to 7 metres (22.9ft) or drops up to 5 metres (16.4ft), offering you an external solution to fit almost any area.
- Wide range of standard colours.
- Streamlined-design offering multiple control options provides ease of assembly and installation in exterior applications.
- Motorized versions are provided with impact detection functionality and can be paired with our Sun & Wind sensor to provide an intelligent and reliable outdoor shading system.
- Single-piece F56 & F72 weight bars provide ultimate rigidity & outstanding performance over large openings.

KEY SYSTEM FEATURES

### PREMIUM CONTROL OPTIONS

Motorized Controls
Powered by Automate™, Zipscreen shades can be remote-controlled or integrated into home automation platforms to provide the ultimate outdoor living experience.
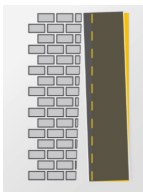

Manual Controls
Crank controls are perfect for areas with high ceilings.
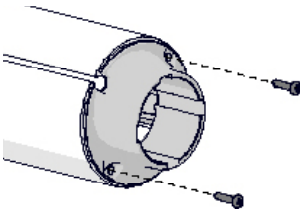

THE ZIPSCREEN DIFFERENCE

Hidden side retention system keeps the fabric secure in channels.

Adjustable side channels enable easy installation in out-of-square openings, up to 20mm (3/4") per side
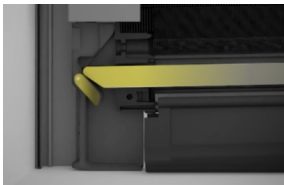

SECURE ASSEMBLY & INSTALLATION

Reducer screws into tube for secure, reliable connection.

Snap-lock features provide secure connection and fast assembly.

### CLEAN, SMOOTH LOOK WITH ULTRA-LOCK

Exclusive to the Zipscreen system, the patented Ultra-Lock hidden locking mechanism integrates into the side channels. Durable, reliable and completely unobtrusive, Ultra-Lock secures and tensions the shade for a smooth, taut fabric finish.
